Hey Roger. I got your response and think there may have been some confusion. You asked for a passport and I sent in two different links. One link was to my Texas Identification Card, which was probably not the acceptable one that you were referring to. The URL above is to the passport to correct/delete my birthdate. Please call me at [REDACTED] if there are ANY problems with viewing this passport. I'm trying to fix this problem as soon as possible with my birthdate. I've already lost 2 acting jobs because I was told I was too old. The economy is bad and I have to pay rent, too :-). I'm doing everything I can to comply with what you're asking for. Majority of the people on IMDB don't even have birthdates listed and I wish I could go back and be one of those lucky ones, but I'm not and am trying very hard to fix it. I wish it was never on there, but I can't change that. No one would even know that I exist right now if it weren't for this problem because I'm a nobody in the database. Please help me if you can or at least contact me and let me know what I can do or how I can get a hold of someone within IMDB to help me. Thanks, Junie
